

Coordinator Dashboard - Settings - Preferences

The screenshot shows the 'Coordinator Dashboard - Settings - Preferences' page. On the left is a dark sidebar with icons and labels for various sections: Dashboard, High Schools, Advisors, Guides, Trainees, Tour Applications, Fair Applications, Tours & Fairs, Payments, Feedback Analysis, Profile, Chat, and Settings. The 'Settings' icon is highlighted with a red box. The main area has a light blue header with the title 'Settings'. Below it is a navigation bar with three tabs: 'Edit Profile' (disabled), 'Preferences' (selected, underlined in red), and 'Security'. The 'Preferences' tab contains a 'Notification' section with four toggle switches. The first three are green ('Notify me about new messages', 'Notify me about upcoming tours', 'Notify me about upcoming fairs') and the fourth is grey ('Alert me when a tour is canceled or rescheduled'). To the right of the notification section is a large red 'Save' button.

Frontend Design:

- **Currency and Time Zone Selection:** Dropdown menus to select preferred currency (for Payments section) and time zone for tailored notifications and updates.
- **Toggle Notifications:** Options to toggle notifications on/off for new messages, upcoming tours, upcoming fairs, and alerts for canceled/rescheduled tours.
- **Save Button:** Prominent "Save" button to confirm changes.

Backend Design:

- **User Preferences Storage:** Stores selected preferences (currency, time zone, and notification settings) for each user in the database.
- **Notification Management:** Sends notifications based on user preferences, handling message alerts and tour reminders.
- **Time Zone Adjustments:** Adjusts notification times based on the selected time zone to ensure timely alerts for users.

Coordinator Dashboard - Settings - Security

The screenshot shows the 'Settings' section of the Coordinator Dashboard, specifically the 'Security' tab. On the left is a vertical sidebar with icons and links: Dashboard, Advisors, Guides, Trainees, Tour Applications, Fair Applications, Tours & Fairs, Payments, Feedback Analysis, Profile, Chat, and Settings (which is highlighted). The main area has a header with a user profile for 'Nabila A. Coordinator' and three circular icons. Below the header, the 'Security' tab is selected. The 'Two-factor Authentication' section contains a toggle switch that is turned on, with the label 'Enable or disable two factor authentication'. The 'Change Password' section includes fields for 'Current Password' and 'New Password', both represented by redacted text. A large red 'Save' button is at the bottom right.

Frontend Design:

- **Two-Factor Authentication (2FA):** Toggle switch to enable or disable 2FA, providing enhanced account security.
- **Change Password Fields:** Input fields for current and new passwords, allowing users to update their login credentials.
- **Save Button:** “Save” button to apply security changes, making the process intuitive and user-friendly.

Backend Design:

- **Two-Factor Authentication Setup:** Implements backend support for 2FA, managing secure verification codes.
- **Password Encryption and Validation:** Encrypts new passwords and checks current passwords during the change process.
- **Security Notification:** Sends an email or in-app notification upon password or 2FA changes, alerting users to any security updates.

Coordinator Dashboard - Notifications & Latest Activity

The screenshot shows the 'Coordinator Dashboard - Notifications & Latest Activity'. At the top left is the university logo 'Invan Dograman' and 'Bilkent Üniversitesi'. On the right are three circular icons: a red one with a lock, a white one with a gear, and a red one with a person. Next to the gear icon is the name 'Nabila A. Coordinator'. The main area has a light blue header 'Notification & Lastest Activity'. Below it is a sidebar with a dark red background containing various icons and labels: 'Dashboard' (home), 'High Schools', 'Advisors', 'Guides', 'Trainees', 'Tour Applications', 'Fair Applications', 'Tours & Fairs', 'Payments', 'Feedback Analysis', 'Profile', 'Chat', and 'Settings'. The main content area shows a timeline of notifications. Under 'Today', there are seven items: 'Tour Application for High School X has been accepted' (Thursday, Oct 31 2024), '[REMINDER] Monthly Payment to Jane Doe has not be completed' (Thursday, Oct 31 2024), 'Tour Application for High School Y has been accepted' (Thursday, Oct 31 2024), 'Feedback Analysis has been updated' (Thursday, Oct 31 2024), 'Fair Invitation 23 has been accepted' (Thursday, Oct 31 2024), '[REMINDER] Monthly Payment to John Doe has not be completed' (Thursday, Oct 31 2024), and 'Feedback Analysis has been updated' (Monday, Oct 31 2024). Under 'Yesterday', there are two items: 'Tour Application for High School Z has been canceled' (Wednesday, Oct 30 2024) and 'Fair Invitation 22 has been accepted' (Wednesday, Oct 30 2024).

Frontend Design:

- **How to Access:** Clicking on the notification button from any page will open this tab.
- **Timeline View:** Organized timeline displaying notifications and latest activities with timestamps.
- **Category Highlighting:** Uses distinct colors or labels (e.g., [REMINDER], tour application updates) to categorize activities, enhancing readability.
- **Automatic Updates:** Real-time updates allow users to see the latest actions without refreshing the page.

Backend Design:

- **Activity Logging:** Captures all relevant actions and status changes (e.g., payments, tour applications) in the user's activity log.
- **Push Notifications:** Sends notifications for important events, like payment reminders or tour updates, ensuring users are informed.
- **Data Retrieval:** Retrieves and organizes logs efficiently for smooth loading, even with extensive activity history.

Advisor Dashboard - Dashboard

The screenshot displays the Advisor Dashboard interface. On the left is a vertical sidebar with a red header containing the institution's logo and name. Below the header, there are several navigation items: Dashboard (selected), Tour Applications, Tours, Fairs, Guides, Trainees, Puntoaj, Profile, Chat, and Settings. The main content area is titled "Dashboard" and contains three summary cards: "Guides" (53), "Trainees" (13), and "Pending Tour Applications" (73). Below these cards is a section titled "Upcoming Tours" which lists five entries: High School A, High School B, High School C, High School D, and High School E, each with details like Time Slot, Guide (John Doe), Date, and a three-dot menu. At the bottom of this section is a message "Showing 1-5 from 100 data". To the right of the main content is a sidebar with user profile information for "Nabila A. Advisor" and sections for "Recent Contacts" (Samantha William, Tony Soap, Karen Hope, Nadila Adja) and "Messages" (with preview messages from Samantha, Tony, Jorden, and Nadila). Each message item includes a timestamp and a truncated message content.

Recent Contact	Message Preview
Samantha William	12:45 PM Lorem ipsum dolor sit amet...
Tony Soap	12:45 PM Lorem ipsum dolor sit amet...
Karen Hope	12:45 PM Lorem ipsum dolor sit amet...
Nadila Adja	12:45 PM Lorem ipsum dolor sit amet...

Message	Time	Content Preview
Samantha William	12:45 PM	Lore...
Tony Soap	12:45 PM	Lore...
Jorden Nico	12:45 PM	Lore...
Nadila Adja	12:45 PM	Lore...

Frontend Design:

- Quick Stats Overview:** Displays counts for "Guides," "Trainees," and "Pending Tour Applications" for a high-level summary.
- Upcoming Tours List:** Lists scheduled tours with details like high school name, time slot, guide, and date, helping advisors keep track of commitments.
- Recent Contacts and Messages:** Right sidebar provides recent contacts and messages for quick communication access. Clicking on 'View All' leads to the 'Chat' section.

Backend Design:

- Data Aggregation for Quick Stats:** Aggregates data related to guides, trainees, and applications, refreshing it in real-time for accuracy.
- Tour Data Fetching:** Retrieves upcoming tour information to populate the list with minimal delay.
- Message Handling:** Stores recent messages and contact info, enabling real-time updates in the dashboard for easy access.

Advisor Dashboard - Tour Applications

The screenshot shows the Advisor Dashboard interface. On the left is a sidebar with a red header containing the logo of İtilâf Münasebiti and a navigation menu with links to Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees, Puantaj, Profile, Chat, and Settings. The main area has a light blue header with the title "Tour Applications". It includes a search bar ("Search High School Name"), a priority dropdown ("Priority"), and a "Confirm Changes" button. A user profile for "Nabila A. Advisor" is shown in the top right. The main content is a table listing tour applications:

High School Name	Priority	Tour Date	Tour Time	High School City	Contact	Accept	Reject
High School A	1	Oct 30, 2024	09:00-11:00	Ankara	📞 ✉️	<input checked="" type="checkbox"/>	<input type="checkbox"/>
High School B	2	Oct 30, 2024	09:00-11:00	Antalya	📞 ✉️	<input type="checkbox"/>	<input checked="" type="checkbox"/>
High School C	3	Oct 30, 2024	09:00-11:00	Konya	📞 ✉️	<input type="checkbox"/>	<input checked="" type="checkbox"/>
High School D	4	Oct 30, 2024	09:00-11:00	Istanbul	📞 ✉️	<input type="checkbox"/>	<input checked="" type="checkbox"/>
High School E	5	Oct 30, 2024	09:00-11:00	Konya	📞 ✉️	<input checked="" type="checkbox"/>	<input type="checkbox"/>
High School F	6	Oct 30, 2024	09:00-11:00	Ankara	📞 ✉️	<input checked="" type="checkbox"/>	<input type="checkbox"/>

At the bottom, it says "Showing 1-6 from 73 data" and has navigation arrows and page numbers (1, 2, 3).

Frontend Design:

- Table View with Sorting and Filtering:** Displays a list of tour applications with columns for high school name, priority, date, time, city, and contact options.
- Search:** Ability to search for tour application by high school name
- Accept/Reject Options:** Checkboxes for approving or declining applications, with a "Confirm Changes" button to finalize actions.
- Date Filter:** Dropdown for sorting applications by priority, ensuring advisors can quickly accept important applications.

Backend Design:

- Application Data Management:** Manages incoming applications, inputting their data automatically into the table, where the advisor can mark them as accepted or rejected.
- Filtering and Sorting Logic:** Backend processes sorting and filtering requests, returning relevant data based on selected criteria.
- Change Confirmation:** Saves bulk accept/reject actions upon confirmation, updating the application status in the database.

Advisor Dashboard - Tours

High School Name	Guide	Tour Date	Tour Time	High School City	Q&A Conference Room	Contact
High School A	John Doe	Oct 30, 2024	09:00-11:00	Ankara	Conference Room 11	
High School B	-	Oct 30, 2024	09:00-11:00	Antalya	Conference Room 13	
High School C	John Doe	Oct 30, 2024	09:00-11:00	Konya	Conference Room 21	
High School D	John Doe	Oct 30, 2024	09:00-11:00	Istanbul	-	
High School E	-	Oct 30, 2024	09:00-11:00	Konya	Conference Room 20	
High School F	John Doe	Oct 30, 2024	09:00-11:00	Ankara	-	

Frontend Design:

- List View of Scheduled Tours:** Displays information like high school name, assigned guide, tour date, time, city, conference rooms ('-' if no conference room found for that tour yet) and contact options.
- Date Filter:** Allows users to filter tours by date, improving usability for tracking upcoming tours.
- Search:** Allows advisors to search for tours by high school name.
- Guides:** Allows advisors to see which tour doesn't have a guide.
- Contact Icons:** Phone and email icons for easy access to high school details.

Backend Design:

- Tour Data Management:** Stores tour details and retrieves data as per advisor's filters and preferences.
- Search and Filter Functionality:** Enables date-based filtering for efficient access to upcoming tours.
- Contact Information Linking:** Links contact details directly to the tour data, streamlining the communication process.

Advisor Dashboard - Fairs

The screenshot shows the Advisor Dashboard interface. On the left is a dark red sidebar with the Bilkent University logo at the top. Below the logo are several navigation items: Dashboard, Tour Applications, Tours, Fairs (which is highlighted with a white background), Guides, Trainees, PuanTaj, Profile, Chat, and Settings. The main content area has a light blue header with the title "Fairs". Below the header is a search bar with the placeholder "Search Organization Name" and a date filter button labeled "Date ▾". The main content is a table with columns: Organization, Fair Date, Fair Time, Fair City, and Organizer Contact. The table contains six rows, each representing a different organization: Organization A (Ankara), Organization B (Antalya), Organization C (Konya), Organization D (Istanbul), Organization E (Konya), and Organization F (Ankara). Each row includes a "Date" column with "Oct 30, 2024", a "Fair Time" column with "09:00-11:00", and a "Fair City" column with the city name. To the right of each entry are two circular icons: a phone icon for contact and an envelope icon for messaging. At the bottom of the table, it says "Showing 1-6 from 73 data" and features a navigation bar with three numbered circles (1, 2, 3) and arrows.

Organization	Fair Date	Fair Time	Fair City	Organizer Contact
Organization A	Oct 30, 2024	09:00-11:00	Ankara	
Organization B	Oct 30, 2024	09:00-11:00	Antalya	
Organization C	Oct 30, 2024	09:00-11:00	Konya	
Organization D	Oct 30, 2024	09:00-11:00	Istanbul	
Organization E	Oct 30, 2024	09:00-11:00	Konya	
Organization F	Oct 30, 2024	09:00-11:00	Ankara	

Frontend Design:

- Searchable Table Layout:** Provides columns for organization name, fair date, time, city, and organizer contact details.
- Date Sorting:** Date-based sorting feature to help users locate fairs quickly.
- Contact Options:** Contact icons for each entry to facilitate immediate communication with organizers.
- Search:** Allows searching by organization name.

Backend Design:

- Fair Information Storage:** Manages fair details in the database, fetching data as per advisor's search and filter preferences.
- Sorting and Filtering Support:** Backend handles sorting and searching, returning organized results to the frontend.
- Communication Integration:** Ensures contact details are accessible through each fair entry, supporting easy interaction.

Advisor Dashboard - Guides

Name	Guide ID	Date Added	Number of Tours Conducted	View Schedule	Contact
Samanta William	#123456789	Oct 25, 2023	23	See Schedule	
Tony Soap	#123456789	Oct 25, 2023	23	See Schedule	
Karen Hope	#123456789	Oct 25, 2023	23	See Schedule	
Jordan Nico	#123456789	Oct 25, 2023	23	See Schedule	
Nadila Adja	#123456789	Oct 25, 2023	23	See Schedule	
Johnny Ahmad	#123456789	Oct 25, 2023	23	See Schedule	

Frontend Design:

- Card Layout for Each Guide:** Displays guides with name, contact icons (phone/email), and a "See Schedule" button, creating a visually organized layout.
- Sorting Options:** Sort by “Date Added” and search by name to quickly locate specific guides.

Backend Design:

- Data Storage and Linking:** Stores guide profiles and links each guide to their detailed schedule.
- Search and Filter Functions:** Allows quick retrieval and sorting based on name or date added.
- Removal Handling:** Manages the removal of guides, updating the database and reflecting changes in real-time.

Advisor Dashboard - Guides - See Schedule

The screenshot shows the Advisor Dashboard interface. On the left is a dark red sidebar with various navigation icons and labels: Dashboard, Tour Applications, Tours, Fairs, Guides (selected), Trainees, Puanaj, Profile, Chat, and Settings. The main area is titled "Dimitres Viga's Schedule". It features a grid of time slots from 09:00-11:00 to 16:00-18:00 across Monday through Sunday. Each slot is represented by a rounded rectangle. A legend at the top right indicates that red slots represent "Unavailable Slots" and white slots represent "Available Slots". Most slots are red, indicating unavailability. A "Go Back" button is located at the top left of the main area.

Frontend Design:

- **Weekly Schedule View:** Displays a color-coded weekly schedule, with available and unavailable slots for each guide.
- **Back Navigation:** A “Go Back” button allows users to return to the main guide list.
- **Slot Availability Legend:** Simple legend indicating available (white) and unavailable (red) time slots.

Backend Design:

- **Schedule Data Retrieval:** Retrieves each guide’s schedule from the database and displays availability.
- **Slot Status Update:** Manages updates to available/unavailable slots, reflecting them in real-time.
- **Navigation Support:** Links schedule data to the main guide list, enabling seamless back-and-forth navigation.

Advisor Dashboard - Trainees

The screenshot shows the 'Trainees' section of the advisor dashboard. On the left is a dark red sidebar with various navigation options: Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees (which is selected and highlighted in blue), Points, Profile, Chat, and Settings. The main area is titled 'Trainees' and features a search bar at the top. Below the search bar is a grid of 12 trainee profiles, each consisting of a circular placeholder image, the trainee's name, and two contact icons (phone and email). The names of the trainees are: Dimitres Viga, Tom Housenburg, Dana Benevista, Salvadore Morbeau, Maria Historia, Jack Sally, Lula Beatrice, Nella Vita, Nadia Laravela, Dakota Farral, Miranda Adila, and Indiana Barker. At the bottom of the grid, it says 'Showing 1-12 from 13 data'. There are navigation arrows and a page number indicator (1, 2, 3) at the bottom right.

Frontend Design:

- **Card Display for Trainees:** Presents each trainee in a card with name, contact icons, and duration of training (e.g., “4 Months”).
- **Sorting Feature:** Allows sorting by “Date Added” and name search for efficient browsing.

Backend Design:

- **Data Storage and Retrieval:** Stores trainee profiles, enabling efficient access and filtering by name or date.
- **Search and Sort Functionality:** Supports quick access through search and sorting, ensuring smooth navigation for users.
- **Data Update for Removal:** Handles trainee removal, updating records and reflecting changes across the system.

Advisor Dashboard - Puantaj

The screenshot shows the Advisor Dashboard interface. On the left is a vertical sidebar with a red background and white icons. The sidebar includes links for Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees, Puantaj (which is highlighted in red), Profile, Chat, and Settings. At the top right of the main area is a user profile for 'Nabila A. Advisor' with a red circular icon. Below the sidebar is a table titled 'Puantaj' with columns: Task Category, Select Task, Date, Hours Taken, Points Collected, and Claim Points. The table lists six entries, each with a dropdown for task category and a dropdown for selecting a tour or fair. The 'Date' column shows 'Oct 30, 2024'. The 'Hours Taken' and 'Points Collected' columns show values like 2, 20, and 5. The 'Claim Points' column contains checkboxes, some of which are checked (indicated by a red checkmark). The last two entries in the table have a status of 'Claimed'. At the bottom of the table, it says 'Showing 1-6 from 73 data' and has navigation buttons for page 1 (selected), 2, and 3.

Task Category	Select Task	Date	Hours Taken	Points Collected	Claim Points
Tour	Select Tour	Oct 30, 2024	2	20	<input type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	<input checked="" type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	<input checked="" type="checkbox"/>
Fair	Select Fair	Oct 30, 2024	5	20	<input checked="" type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	Claimed
Tour	Select Tour	Oct 30, 2024	2	20	Claimed

Frontend Design:

- Data View:** Columns include Task Category, Date, Hours Taken, Points Collected, and Claim Points.
- Task Category Dropdown:** Each entry allows selecting a task category (e.g., Tour, Fair).
- Task Selection:** After the task category is selected, the drop down list contains all completed tours/fairs for the past 2 weeks. Date, Hours Taken, and Points Collected are automatically filled out depending on the task selected.
- Claim Points Checkbox:** Each task entry has a checkbox to claim points, showing claimed status for previously claimed tasks.

Backend Design:

- Data Aggregation:** Backend aggregates data for each task, linking with the respective point values. After the task is selected, the 2nd drop-down list needs to fetch all completed tours/fairs.
- Claim Status Management:** Manages claim status, ensuring tasks cannot be claimed more than once by the same user.

Advisor Dashboard - Profile

The screenshot shows the 'Profile' section of the Advisor Dashboard. On the left, a sidebar menu includes 'Dashboard', 'Tour Applications', 'Tours', 'Fairs', 'Guides', 'Trainees', 'Puanaj', 'Profile' (which is active), 'Chat', and 'Settings'. The main content area has a header 'Profile' with a placeholder profile picture. Below it, a card displays 'Nabil Azalea' as an 'Advisor' from 'Ankara, Turkey', with contact information: Phone +90 345 6789 0 and Email nabila@mail.com. A 'Contacts' section shows a list of 302 contacts with names like Samantha William, Tony Soap, Karen Hope, Jordan Nico, and Nadila Adja, each with a small profile picture and an envelope icon. A 'Messages' section shows a list of messages from the same contacts, with names, roles, timestamps (12:45 PM), and truncated message content. At the bottom right of the main content area is a 'View All' button. The top right corner shows a user profile for 'Nabil A. Advisor' with a red circular badge.

Frontend Design:

- **User Information Display:** Shows profile picture, name, contact information, and advisor role.
- **Contacts and Messages Panel:** Searchable panels for recent contacts and messages, including a “View More” button leading to the ‘Chat’ section.
- **Latest Activity:** Right sidebar displays recent activity in a timeline format with a “View All” option, leading to the ‘Notifications’ panel..

Backend Design:

- **Contact and Message Storage:** Backend manages and stores contact details and messages, ensuring data retrieval is optimized.
- **Activity Log Tracking:** Backend tracks all recent activities, updating the log and maintaining timestamps.

Advisor Dashboard - Chat

The screenshot shows the Advisor Dashboard - Chat interface. On the left, a vertical sidebar menu is visible against a dark red background. The menu items include: Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees, Puantaj, Profile, Chat (which is highlighted in blue), and Settings. At the top right of the main area, there is a user profile for 'Nabila A. Advisor' with a red circular icon. The main content area has a light purple header with the word 'Chat'. Below the header is a 'Messages' section containing a search bar and a 'Groups' section listing 'Guides', 'Advisors', and 'Trainees', each with a timestamp and a message preview. The 'Chats' section lists three individual chats with 'Samantha William', 'Tony Soap', and 'Karen Hope', also with timestamps and message previews. At the bottom of the messages section is a 'View More' button. The right side of the screen shows a detailed chat window for 'Samantha William', who is online. The conversation history includes messages from Nabila and Samantha, with timestamps like 12:45 PM. A message input field at the bottom right contains placeholder text 'Write your message...' and a red 'Send' button.

Frontend Design:

- **Group and Chat Selection:** Left panel allows switching between groups (e.g., Guides, Advisors) and individual chats. Advisors can access all 3 group chats.
- **Message Input Field:** Bottom text field with a “Send” button for entering new messages.
- **Chat Display:** Main panel displays ongoing chat conversation with selected contact, showing timestamp for each message.

Backend Design:

- **Real-Time Messaging:** Backend manages real-time chat, handling message delivery and reception.
- **Group Message Storage:** Stores messages based on group or individual chat, ensuring accessibility across sessions.

Advisor Dashboard - Settings - Edit Profile

The screenshot shows the 'Edit Profile' section of the dashboard. On the left, there's a sidebar with various icons and links: Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees, Puanaj, Profile, Chat, and Settings. The 'Settings' link is highlighted with a red box. The main area has a light blue header with the word 'Settings'. Below it, there are three tabs: 'Edit Profile' (which is active and highlighted in red), 'Preferences', and 'Security'. In the center, there's a circular profile picture placeholder with a small edit icon. To the right of the picture are five input fields: 'Your Name' (Nabila Azalea), 'User Name' (Nabila Azalea), 'Email Address' (nabila@gmail.com), 'Phone Number' ((123) 456 7890), and 'City' (Ankara). A large red 'Save' button is located at the bottom right of the form.

Frontend Design:

- **Edit Profile Form:** Editable fields for name, username, email, phone number, city, and country.
- **Profile Picture Upload:** Option to update profile picture with a save button for changes.

Backend Design:

- **Data Validation:** Backend validates email and phone format, ensuring data accuracy before updating.
- **Profile Picture Handling:** Manages image uploads, linking the new profile picture to the user account securely.

Advisor Dashboard - Settings - Preferences

The screenshot shows the 'Settings' section of the Advisor Dashboard. On the left is a sidebar with a logo for 'İstanbul Doğuş Üniversitesi' and 'Bilkent University' at the top. Below the logo are several menu items: Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees, Puanaj, Profile, Chat, and Settings. The 'Settings' item is highlighted with a red background. The main content area has a light blue header with the word 'Settings'. Below the header are three tabs: 'Edit Profile', 'Preferences' (which is underlined in red), and 'Security'. The 'Preferences' tab is active. Under the 'Notification' heading, there are four toggle switches. The first three are green and turned on, while the fourth is grey and turned off. The options are: 'Notify me about new messages', 'Notify me about upcoming tours', 'Notify me about upcoming fairs', and 'Alert me when a tour is canceled or rescheduled'. In the bottom right corner of the main content area is a red 'Save' button.

Frontend Design:

- **Currency and Time Zone Selection:** Dropdowns for setting preferred currency and time zone.
- **Notification Toggles:** Options to toggle notifications for new messages, upcoming tours, upcoming fairs, and tour cancellations.

Backend Design:

- **Notification Preferences Management:** Backend records notification preferences, ensuring customized alerts.
- **Localization Settings:** Manages currency and time zone data, allowing correct display across different regions.

Advisor Dashboard - Settings - Security

The screenshot shows the 'Settings' section of the Advisor Dashboard, specifically the 'Security' tab. On the left, there's a sidebar with icons for various features: Dashboard, Tour Applications, Tours, Fairs, Guides, Trainees, Puanaj, Profile, Chat, and Settings. The main area has tabs for 'Edit Profile', 'Preferences', and 'Security'. The 'Security' tab is active. It contains sections for 'Two-factor Authentication' (with a toggle switch) and 'Change Password' (with fields for 'Current Password' and 'New Password'). A 'Save' button is at the bottom right. The top right corner shows a user profile for 'Nabila A. Coordinator'.

Frontend Design:

- **Two-Factor Authentication:** Toggle for enabling/disabling two-factor authentication for added security.
- **Change Password:** Form fields for entering current and new passwords, with a save button to update the password.

Backend Design:

- **Password Encryption:** Backend encrypts the password and updates it securely.
- **Authentication Toggle:** Manages two-factor authentication settings, linking with user authentication systems.

Advisor Dashboard - Notifications & Latest Activity

The screenshot shows the Advisor Dashboard interface. On the left is a vertical sidebar with a red header containing the logo of İhsan Doğramacı Bilkent University. Below the header, there are several menu items with icons: Dashboard (home icon), Tour Applications (envelope icon), Tours (person icon), Fairs (calendar icon), Guides (person icon), Trainees (tv icon), Puantaj (file icon), Profile (person icon), Chat (speech bubble icon), and Settings (gear icon). The main content area has a light blue header with the title "Notification & Latest Activity". In the top right corner of the header, there are three circular icons: a red one with a bell, a grey one with a gear, and a dark red one. To the right of these icons, the user's name "Nabila A." and title "Advisor" are displayed. The main content area is divided into two sections: "Today" and "Yesterday". The "Today" section lists four items: "Thursday, Oct 31 2024 Tour Application for High School X has been accepted", "Thursday, Oct 31 2024 Schedule Tour (ID: 22414) for High School Y does not have a guide", "Thursday, Oct 31 2024 Fair Invitation 23 has been accepted", and "Monday, Oct 31 2024 Puantaj Page has been updated". The "Yesterday" section lists two items: "Wednesday, Oct 30 2024 Tour Application for High School Z has been canceled" and "Wednesday, Oct 30 2024 Tour Application (ID: 22414) for High School Y is pending. Go to the Tour Applications Page to accept/reject the application".

Frontend Design:

- **Activity Timeline:** Displays a chronological list of recent activities, including tour applications, fair invitations, and guide updates.
- **Date Grouping:** Activities are grouped by date (Today, Yesterday), enhancing readability.

Backend Design:

- **Activity Logging:** Backend tracks each activity, storing details for accurate and organized retrieval.
- **Date-Based Grouping:** Data is organized by date, allowing efficient display of recent activities.

Guide Dashboard - Dashboard

The screenshot displays the Guide Dashboard interface. On the left is a dark sidebar with the university logo at the top and navigation links: Dashboard, Tours, Your Tours, Fairs, Puantaj, Profile, Chat, and Settings. The main area has a light blue header 'Dashboard'. Below it is a summary card with four sections: 'Guides' (53), 'Trainees' (13), 'Tours' (49), and 'Fairs' (9). The 'Upcoming Tours' section lists five entries for High School A, B, C, D, and E, each with a red circular icon, a tour name, a 'Time Slot' column, a guide assigned (all listed as 'Guide John Doe'), a 'Date' column, and a 'More' button. Below this is a pagination bar showing pages 1, 2, and 3. To the right are two sections: 'Recent Contacts' listing Samantha William, Tony Soap, Karen Hope, and Jordan Nico, each with a message icon; and 'Messages' showing recent messages from Samantha William, Tony Soap, Jordan Nico, and Nadia Adja, each with a timestamp and a truncated message content. A 'View All' button is located at the bottom of both the contacts and messages sections.

Frontend Design:

- **Dashboard Summary:** Displays key statistics for guides, trainees, tours, and fairs at a glance.
- **Upcoming Tours:** Lists scheduled tours with high schools, time slots, assigned guides, and dates.
- **Recent Contacts and Messages:** Shows recent contacts and messages for quick access to ongoing conversations. ‘View All’ button leads to ‘Chat’ section.

Backend Design:

- **Data Management:** Backend stores details about guides, tours, trainees, and fairs, updating statistics in real-time.
- **Pagination and Sorting:** Handles pagination for upcoming tours and recent contacts/messages.

Guide Dashboard - Tours

The screenshot shows the 'Tours' section of the Guide Dashboard. On the left, a sidebar menu includes 'Dashboard', 'Tours' (selected), 'Your Tours', 'Fairs', 'Puantaq', 'Profile', 'Chat', and 'Settings'. The main area has a header with a search bar ('Search High School Name'), a date filter button ('Date ▾'), and a 'Claim Selected' button. A user profile for 'Nabila A. Guide' is shown. The table lists six tours:

High School Name	Guides Needed	Tour Date	Tour Time	Guides	Claim Tour
High School A	1	Oct 31, 2024	09:00-11:00	-	<input type="checkbox"/>
High School B	1	Oct 31, 2024	09:00-11:00	-	<input checked="" type="checkbox"/>
High School C	2	Oct 30, 2024	09:00-11:00	John Doe John Doe	Claimed
High School D	1	Oct 30, 2024	09:00-11:00	John Doe	Claimed
High School E	1	Oct 30, 2024	09:00-11:00	-	<input type="checkbox"/>
High School F	1	Oct 30, 2024	09:00-11:00	-	<input checked="" type="checkbox"/>

At the bottom, it says 'Showing 1-6 from 73 data' and has navigation buttons (left, 1, 2, 3, right).

Frontend Design:

- List View:** Displays available tours with information like high school name, guides needed, date, time, and guide assignment status.
- Claim Functionality:** Allows guides to claim tours by selecting available ones from the list.
- Search and Filter:** Includes search functionality by high school name and date filter for ease of navigation.

Backend Design:

- Tour Allocation:** Tracks tour assignments, ensuring each guide can claim only available tours.
- Database Updates:** Updates tour status in real-time as guides claim or unclaim tours.

Guide Dashboard - Your Tours - Uncompleted

The screenshot shows the 'Your Tours' section of the Guide Dashboard. On the left is a sidebar with the university logo and links for Dashboard, Tours, Your Tours (which is active), Fairs, Puanaj, Profile, Chat, and Settings. The main area has a search bar and a filter dropdown set to 'Uncompleted'. A table lists two tours: 'High School B' on Oct 31, 2024, and 'High School F' on Oct 30, 2024. Both tours have 1 guide needed and are assigned to 'You'. The table includes columns for High School Name, Guides Needed, Tour Date, Tour Time, Guides, and Claimed (with a checked checkbox). At the bottom, it says 'Showing 1-2 from 2 data'.

High School Name	Guides Needed	Tour Date	Tour Time	Guides	Claimed
High School B	1	Oct 31, 2024	09:00-11:00	You	<input checked="" type="checkbox"/>
High School F	2	Oct 30, 2024	09:00-11:00	You Jane Doe	<input checked="" type="checkbox"/>

Frontend Design:

- Uncompleted Tours:** Displays a list of pending tours with guides needed, date, time, and assigned guides.
- Filter Options:** Allows filtering between completed and uncompleted tours.

Backend Design:

- Tour Status Management:** Tracks the completion status of each tour.
- Guide Assignment:** Updates the assignment status based on guide activity in the system.

Guide Dashboard - Your Tours - Completed

The screenshot shows the 'Your Tours' section of the Guide Dashboard. On the left is a sidebar with a red background containing the university logo and links for Dashboard, Tours, Your Tours (which is selected), Fairs, Puenta, Profile, Chat, and Settings. The main area has a light blue header with the title 'Your Tours', a search bar, and a filter button set to 'Completed'. Below is a table listing completed tours:

High School Name	Guides Needed	Tour Date	Tour Time	Guides	Claimed
High School A	1	Oct 29, 2024	09:00-11:00	You	<input checked="" type="checkbox"/>
High School C	2	Oct 27, 2024	09:00-11:00	You Jane Doe	<input checked="" type="checkbox"/>
High School D	1	Oct 28, 2024	09:00-11:00	You	<input checked="" type="checkbox"/>
High School E	2	Oct 26, 2024	09:00-11:00	You Jane Doe	<input checked="" type="checkbox"/>
High School G	1	Oct 25, 2024	09:00-11:00	You	<input checked="" type="checkbox"/>
High School H	1	Oct 22, 2024	09:00-11:00	You	<input checked="" type="checkbox"/>

At the bottom, it says 'Showing 1-2 from 52 data' and has navigation buttons for page 1 (selected), 2, and 3.

Frontend Design:

- Completed Tours:** Lists tours that have been successfully completed with the same detail structure.
- Filter Options:** Allows filtering between completed and uncompleted tours.

Backend Design:

- Tour Status Management:** Tracks the completion status of each tour.
- Guide Assignment:** Updates the assignment status based on guide activity in the system.

Guide Dashboard - Fairs

The screenshot shows the 'Fairs' section of the dashboard. On the left, a sidebar menu includes 'Dashboard', 'Tours', 'Your Tours', 'Fairs' (which is selected), 'Puantaj', 'Profile', 'Chat', and 'Settings'. The main area has a header with a search bar ('Search Organization Name'), a notification icon, a gear icon, and a user profile for 'Nabila A. Guide'. Below the header is a table listing six fairs:

Organization	Fair Date	Fair Time	Fair City	Organizer Contact
Organization A	Oct 30, 2024	09:00-11:00	Ankara	
Organization B	Oct 30, 2024	09:00-11:00	Antalya	
Organization C	Oct 30, 2024	09:00-11:00	Konya	
Organization D	Oct 30, 2024	09:00-11:00	Istanbul	
Organization E	Oct 30, 2024	09:00-11:00	Konya	
Organization F	Oct 30, 2024	09:00-11:00	Ankara	

At the bottom, it says 'Showing 1-6 from 73 data' and features navigation arrows and page numbers (1, 2, 3).

Frontend Design:

- List Layout:** Shows information for fairs, including organization name, fair date, time, city, and organizer contact options.
- Contact Options:** Quick-access icons for calling or emailing the fair organizer.

Backend Design:

- Event Management:** Stores details on upcoming fairs, linking them to respective organizers for seamless communication.
- Sorting & Filtering:** Enables sorting by date and filtering by organization name for streamlined access.

Guide Dashboard - Puantaj

The screenshot shows the 'Puantaj' section of the guide dashboard. On the left, a sidebar menu includes 'Dashboard', 'Tours', 'Your Tours', 'Fairs', 'Puantaj' (which is highlighted), 'Profile', 'Chat', and 'Settings'. The main area has a header with the 'Puantaj' logo, user info for 'Nabila A. Guide', and buttons for 'Date' and '+ Claim'. Below is a table listing tasks:

Task Category	Select Task	Date	Hours Taken	Points Collected	Claim Points
Tour	Select Tour	Oct 30, 2024	2	20	<input type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	<input checked="" type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	<input checked="" type="checkbox"/>
Fair	Select Fair	Oct 30, 2024	5	20	<input checked="" type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	Claimed
Tour	Select Tour	Oct 30, 2024	2	20	Claimed

At the bottom, it says 'Showing 1-6 from 73 data' and has navigation arrows.

Frontend Design:

- List View with Task Selector:** Lists tasks with options to select task category and specify details.
- Points Management:** Shows hours taken, points collected, and claim status for each entry.
- Claim Button:** Allows guides to claim points for completed tasks.

Backend Design:

- Task Tracking:** Tracks tasks, hours logged, and points collected for each guide.
- Claim Verification:** Manages point claims and updates the status accordingly.

Guide Dashboard - Profile

The screenshot shows the 'Profile' section of the Guide Dashboard. On the left, there's a sidebar with the logo of 'İstanbul Doğuş Üniversitesi' and a navigation menu including 'Dashboard', 'Tours', 'Your Tours', 'Fairs', 'Puanaj', 'Profile' (which is active), 'Chat', and 'Settings'. The main content area has a header 'Profile' with a placeholder profile picture. Below it, the guide's information is displayed: 'Nabila Azalea', 'Guide', 'Ankara, Turkey', 'Phone: +12 345 6789 0', and 'Email: jordan@mail.com'. To the right is a 'Schedule' section titled 'Edit Schedule' showing availability from 09:00 to 18:00 across Monday through Sunday. A legend indicates red squares for 'Unavailable Slots' and white squares with a blue outline for 'Available Slots'. The schedule grid shows various patterns of availability. At the top right, there are user icons for 'Nabila A. Guide' and a red circular button. On the right side, there are sections for 'Latest Activity' (listing three accepted tour applications) and 'Messages' (listing four messages from Samantha William, Tony Soap, Jordan Nico, and Nadila Adja). A 'View All' button is located at the bottom of each of these sections.

Frontend Design:

- Profile Details:** Displays the guide's name, role, location, phone number, and email address.
- Schedule View:** Shows availability schedule in a grid format, differentiating available and unavailable slots.
- 'Edit Schedule'** button allows guides to edit their schedule.

Backend Design:

- Profile Data Storage:** Stores guide's personal and contact information securely.
- Schedule Management:** Tracks availability slots and updates them based on the guide's input.

Guide Dashboard - Profile - Edit Schedule

The screenshot shows the 'Edit Schedule' section of the guide dashboard. On the left is a dark red sidebar with the Bilkent University logo at the top and navigation links: Dashboard, Tours, Your Tours, Fairs, Puanaj, Profile (highlighted), Chat, and Settings. The main area has a light blue header with the title 'Edit Schedule'. Below it are two buttons: 'Click to Change Available/Unavailable Slots' and 'Click to Upload Bilkent Schedule'. The central part is a 4x7 grid representing time slots from 09:00-11:00 to 16:00-18:00 across Monday through Sunday. Each slot is a rounded rectangle. A legend indicates that red represents 'Unavailable Slots' and white/light gray represents 'Available Slots'. The schedule shows various availability patterns, such as Saturday having mostly unavailable slots and Sunday having mostly available slots.

Frontend Design:

- **Interactive Schedule:** ‘Click to Change Available/Unavailable Slots’ button allows guides to toggle between available and unavailable slots for each day.
- **Save Functionality:** Updates the schedule after changes are confirmed by the guide.

Backend Design:

- **Availability Updates:** Processes updates to the guide's availability and reflects changes across the system.
- **Data Persistence:** Ensures that availability changes are saved and displayed accurately in other sections.

Guide Dashboard - Chat

The screenshot shows the 'Chat' section of the Guide Dashboard. On the left, a dark red sidebar contains the university logo and links to 'Dashboard', 'Tours', 'Your Tours', 'Fairs', 'Puantaj', 'Profile', 'Chat' (which is highlighted), and 'Settings'. The main area has a light blue header with the word 'Chat'. Below it is a 'Messages' section with a search bar and a 'Groups' section listing 'Guides' and 'Trainees' with placeholder messages. The 'Chats' section lists three conversations with 'Samantha William', 'Tony Soap', and 'Karen Hope', each with a placeholder message. On the right, a detailed chat window is open with 'Samantha William' (Online). The conversation history shows Nabila A. (Guide) sending 'Hello Nabila!', Samantha replying 'Can I highlight an issue regarding tour allocation?', Nabila responding 'Hello Samantha!', and Samantha replying 'Sure, go ahead.' A 'Send' button with a right-pointing arrow is at the bottom of the message input field.

Frontend Design:

- **Message List:** Displays recent messages with contacts and group chats for guides and trainees.
- **Chat Interface:** Allows real-time messaging with individual users, with options to expand to group conversations.

Backend Design:

- **Messaging Storage:** Stores chat history securely, enabling continuity in conversations.
- **Group and Direct Messaging:** Supports both individual and group chats, with real-time updates and notifications.

Guide Dashboard - Settings - Edit Profile

The screenshot shows the 'Edit Profile' section of the Guide Dashboard. On the left, there's a sidebar with a red background containing the logo of 'Bilkent University' and several navigation items: Dashboard, Tours, Your Tours, Fairs, Puanaj, Profile, Chat, and Settings. The main area has a light blue header with the word 'Settings'. Below it, there are three tabs: 'Edit Profile' (which is active), 'Preferences', and 'Security'. In the 'Edit Profile' tab, there's a circular profile picture placeholder with a pencil icon. To its right, there are four input fields: 'Your Name' (Nabila Azalea), 'User Name' (Nabila Azalea), 'Email Address' (nabila@gmail.com), and 'Phone Number' ((123) 456 7890). Below these fields is a 'City' field with the value 'Ankara'. At the bottom right of the form is a red 'Save' button.

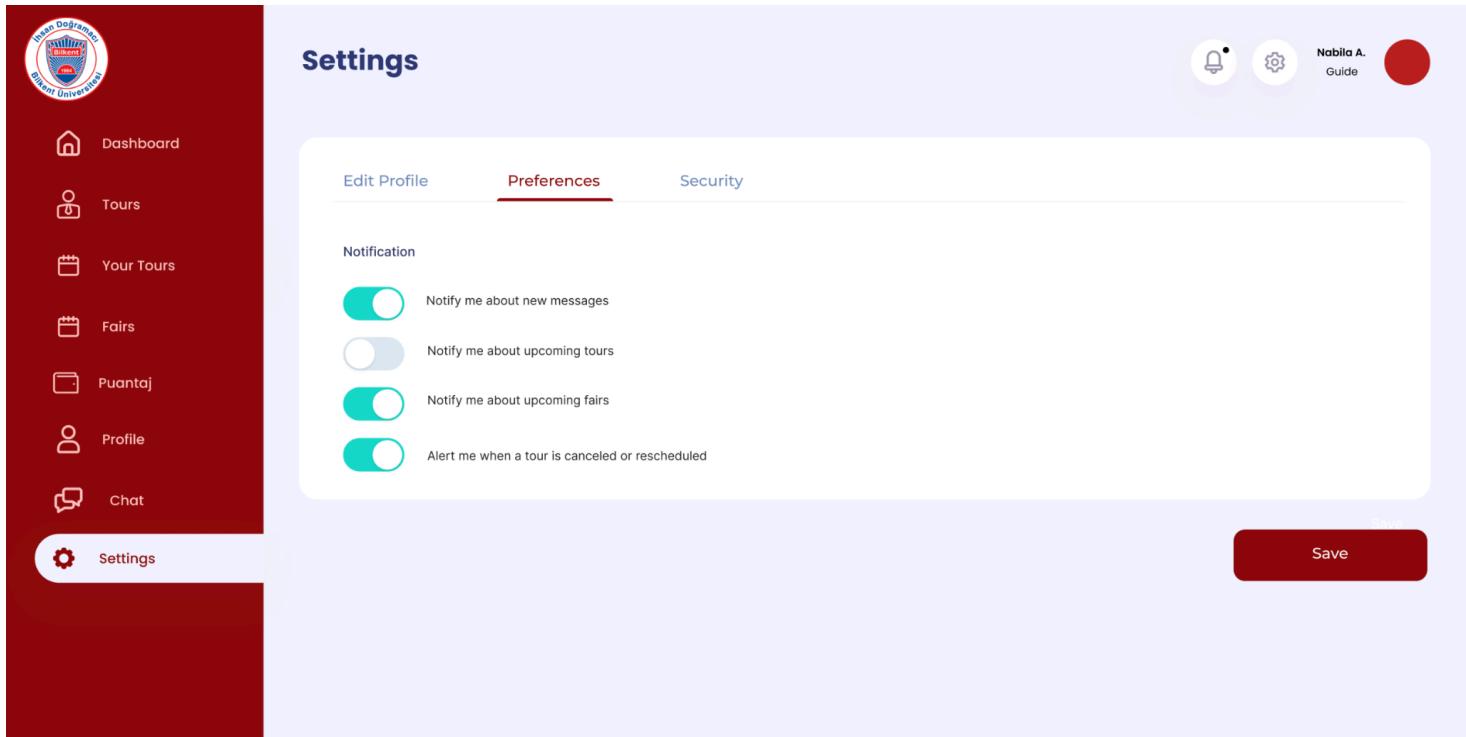

Frontend Design:

- **Form Fields:** Includes fields for the user's name, username, email address, phone number, city, and country. An avatar can also be edited by clicking on the pencil icon.
- **Save Button:** A "Save" button at the bottom allows users to save changes to their profile information.

Backend Design:

- **Data Storage:** Stores user profile information in the database with appropriate fields (e.g., name, email, phone, etc.).
- **Data Validation:** Validates fields for correct formats, such as email format and phone number structure.
- **Profile Picture Handling:** Supports avatar upload and image association with user profiles.

Guide Dashboard - Settings - Preferences

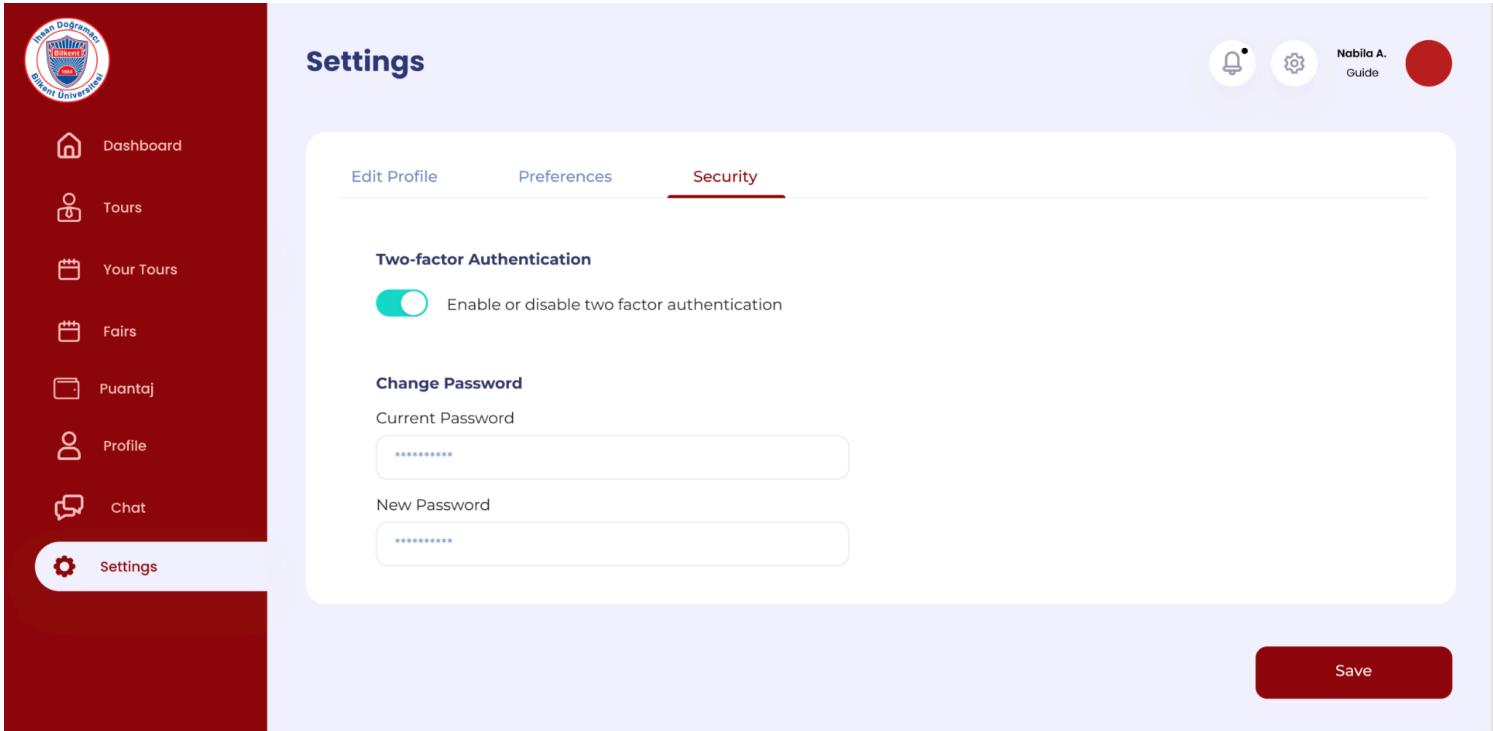

Frontend Design:

- **Currency and Time Zone:** Input fields for selecting currency and time zone.
- **Notification Toggles:** Toggle switches for enabling/disabling notifications for messages, upcoming tours, upcoming fairs, and tour cancellation/rescheduling.
- **Save Button:** A "Save" button at the bottom for storing preference changes.

Backend Design:

- **Preference Management:** Stores user preferences for notifications, currency, and time zone.
- **Data Handling:** Updates user settings in real-time, ensuring changes are applied to the user experience across the dashboard.

Guide Dashboard - Settings - Security

Frontend Design:

- **Two-Factor Authentication:** Toggle switch to enable or disable two-factor authentication for account security.
- **Change Password:** Input fields for current password and new password with masked text.
- **Save Button:** A "Save" button to submit changes.

Backend Design:

- **Security Settings:** Stores and updates two-factor authentication status and handles password updates.
- **Validation and Encryption:** Validates passwords, checks current password for accuracy, and encrypts the new password for secure storage.

Guide Dashboard - Notifications & Latest Activity

The screenshot shows the Guide Dashboard interface. On the left is a dark red sidebar with the logo of Inan Doğramacı Bilkent Üniversitesi and a navigation menu:

- Dashboard (selected)
- Tours
- Your Tours
- Fairs
- Puanta
- Profile
- Chat
- Settings

The main content area is titled "Notification & Lastest Activity". It displays a timeline of events:

Today

- Thursday, Oct 31 2024
Your Tour (ID: 12435235) with High School X is in 2 days
- Thursday, Oct 31 2024
Your Tour (ID: 12435235) with High School Y is in 2 days
- Thursday, Oct 31 2024
Fair (ID: 22123) has been added
- Monday, Oct 31 2024
Your Tour (ID: 12435235) with High School Z is in 2 days

Yesterday

- Wednesday, Oct 30 2024
Fair (ID: 22123) has been added
- Wednesday, Oct 30 2024
Your Tour (ID: 12435235) with High School A is in 2 days

At the top right of the main area are three circular icons: a red one with a bell, a white one with a gear, and a red one with a user profile. To the right of these icons is the text "Nabila A. Guide".

Frontend Design:

- Activity Feed:** Displays a timeline of recent activities, including tour application status and page updates with timestamps.

Backend Design:

- Activity Logging:** Records user actions and notifications in a database for activity tracking.
- Real-Time Updates:** Pushes updates to the front end as new activities are logged, ensuring users stay informed.

Trainee Dashboard - Dashboard

The screenshot displays the Trainee Dashboard interface. On the left is a vertical sidebar with a red header containing the university logo and a navigation menu with icons for Dashboard, Tours, Your Tours, Puanta, Profile, Chat, and Settings. The main content area has a light blue header "Dashboard". Below it is a summary section with four cards: "Guides 53" (red), "Trainees 13" (orange), "Tours 49" (yellow), and "Fairs 9" (dark blue). A large section titled "Upcoming Tours" lists five entries for High School A, B, C, D, and E, each with a red circular icon, a tour name, a "Time Slot" button, a guide icon (John Doe), a date, and a three-dot menu. At the bottom of this section is a pagination bar showing "Showing 1-5 from 100 data" and buttons for navigating between pages. To the right are two sections: "Recent Contacts" listing Samantha William, Tony Soap, Karen Hope, and Jordan Nico with their profile icons and email icons, and "Messages" showing recent messages from the same contacts with timestamps and truncated message content. Each message section has a "View All" button.

Frontend Design:

- **Statistics Display:** Shows statistics such as the number of guides, trainees, tours, and fairs.
- **Upcoming Tours:** List of upcoming tours, including high school names, time slots, assigned guides, and dates.
- **Recent Contacts and Messages:** Shows a quick-access list of recent contacts and unread messages.

Backend Design:

- **Data Aggregation:** Gathers statistics from different modules (e.g., tours, trainees) and presents an overview.
- **Message Management:** Fetches and displays recent messages for easy access.

Trainee Dashboard - Tours

The screenshot shows the Trainee Dashboard - Tours page. On the left is a sidebar with a red header containing the logo of Inan Dogramaci Bilkent University and a "Dashboard" button. Below the header are icons for "Tours" (selected), "Your Tours", "Puantaj", "Profile", "Chat", and "Settings". The main content area has a light blue header with the word "Tours" and a search bar labeled "Search High School Name". To the right are three circular icons: a bell, a gear, and a user profile for "Nabila A. Trainee". Below the header is a toolbar with a "Date" dropdown and a "+ Claim Selected" button. The main body is a table with columns: "High School Name", "Guides Needed", "Tour Date", "Tour Time", "Guides", and "Join Tour". The table contains six rows for "High School A" through "High School F". Each row includes a checkbox in the "Join Tour" column. Rows 2 and 5 have checked checkboxes. At the bottom of the table, it says "Showing 1-6 from 73 data" and features navigation arrows and a page number indicator (1, 2, 3).

High School Name	Guides Needed	Tour Date	Tour Time	Guides	Join Tour
High School A	1	Oct 31, 2024	09:00-11:00	John Doe	<input type="checkbox"/>
High School B	1	Oct 31, 2024	09:00-11:00	-	<input checked="" type="checkbox"/>
High School C	2	Oct 30, 2024	09:00-11:00	John Doe	<input type="checkbox"/>
High School D	1	Oct 30, 2024	09:00-11:00	John Doe	<input type="checkbox"/>
High School E	1	Oct 30, 2024	09:00-11:00	-	<input type="checkbox"/>
High School F	1	Oct 30, 2024	09:00-11:00	John Doe	<input checked="" type="checkbox"/>

Frontend Design:

- Tour List:** Displays tours with information like high school name, guides needed, tour date, tour time, and assigned guides. Includes a checkbox to join tours.
- Filters:** Option to sort tours by date.
- Claim Tour Button:** Allows users to claim selected tours.

Backend Design:

- Tour Allocation:** Manages tour assignments and ensures users can join tours only within available capacity.
- Search and Sort:** Enables search and filtering of tours based on date and other parameters.

Trainee Dashboard - Your Tours

The screenshot shows the 'Your Tours' section of the Trainee Dashboard. On the left is a sidebar with a red background containing the logo of 'İstanbul Doğuş Üniversitesi' and several navigation items: Dashboard, Tours (selected), Your Tours (highlighted in blue), Puanaj, Profile, Chat, and Settings. The main area has a light blue background and features a title 'Your Tours' with a search bar below it. A user profile for 'Nabila A. Guide' is shown. A date filter dropdown is also present. Below these are two tour entries in a table:

High School Name	Guides Needed	Tour Date	Tour Time	Guides	Trainee	Joined
High School B	1	Oct 31, 2024	09:00-11:00	John Doe	You	<input checked="" type="checkbox"/>
High School F	1	Oct 30, 2024	09:00-11:00	John Doe	You	<input checked="" type="checkbox"/>

At the bottom, there is a message 'Showing 1-2 from 2 data' and a small navigation bar with arrows.

Frontend Design:

- **Tour History:** Shows the list of tours the user has joined with details like high school name, date, time, and guide assigned.

Backend Design:

- **User-Specific Data Fetching:** Retrieves only tours associated with the logged-in user.
- **Pagination:** Manages display of tour history, allowing efficient loading for a large number of records.

Trainee Dashboard - Puantaj

The screenshot shows the Trainee Dashboard interface. On the left, there's a vertical sidebar with a logo for 'İstanbul Doğuş Üniversitesi' and a navigation menu including 'Dashboard', 'Tours', 'Your Tours', 'Puantaj' (which is highlighted), 'Profile', 'Chat', and 'Settings'. The main content area is titled 'Puantaj' and displays a table of tasks. The table has columns for 'Task Category', 'Select Task', 'Date', 'Hours Taken', 'Points Collected', and 'Claim Points'. There are six rows of data, each with a checkbox in the 'Claim Points' column. The last two rows show the word 'Claimed' instead of a checkbox. At the bottom, it says 'Showing 1-6 from 73 data' and has a pagination bar with pages 1, 2, 3, and 4.

Task Category	Select Task	Date	Hours Taken	Points Collected	Claim Points
Tour	Select Tour	Oct 30, 2024	2	20	<input type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	<input checked="" type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	<input checked="" type="checkbox"/>
Fair	Select Fair	Oct 30, 2024	5	20	<input checked="" type="checkbox"/>
Tour	Select Tour	Oct 30, 2024	2	20	Claimed
Tour	Select Tour	Oct 30, 2024	2	20	Claimed

Frontend Design:

- Task List:** Shows a list of tasks (tours or fairs), along with date, hours taken, points collected, and a checkbox for claiming points.
- Claim Button:** Allows users to claim points for completed tasks.

Backend Design:

- Points Calculation:** Tracks points based on hours and task type, allowing users to claim them.
- Data Storage and Retrieval:** Stores attendance and points data, enabling retrieval for each user as needed.

Trainee Dashboard - Profile

The screenshot shows the Trainee Dashboard - Profile page. On the left is a sidebar with the logo of 'Istanbul Doğařemek University' and navigation links: Dashboard, Tours, Your Tours, Puanaj, Profile (selected), Chat, and Settings. The main content area has a header 'Profile' with a placeholder profile picture. Below it is a card for 'Nabila Azalea' (Trainee) from Ankara, Turkey, with contact details: Phone +90 345 6789 0 and Email nabila@mail.com. To the right is a 'Latest Activity' section showing three accepted tour applications for High School X, Y, and Z, each dated 2 March 2021, 13:45 PM. A 'View All' button is at the bottom. The central part of the dashboard features 'Contacts' and 'Messages' sections. The 'Contacts' section lists five users: Samantha William, Tony Soap, Karen Hope, Jordan Nico, and Nadila Adja, each with a profile picture and a message icon. The 'Messages' section shows recent messages from these users, with a search bar and a 'View More' button.

Tour Application for High School Z has been accepted
2 March 2021, 13:45 PM

View All

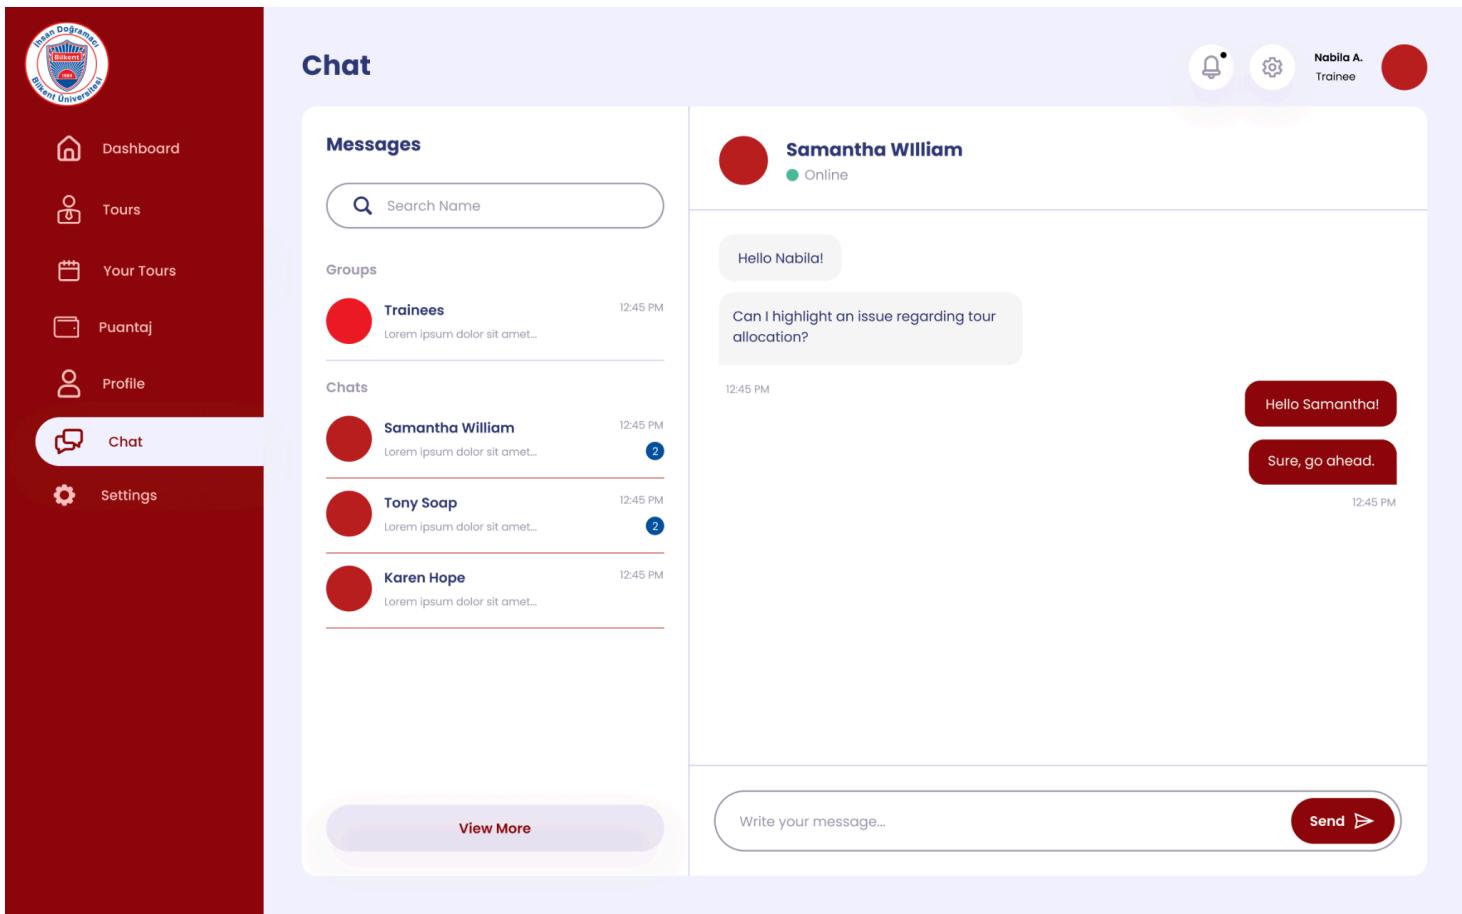

Frontend Design:

- User Details:** Displays profile information including name, role (e.g., Trainee), location, contact details, and email.
- Contacts and Messages:** Provides a searchable list of contacts and recent messages for quick access.
- Latest Activity:** Shows recent activities like tour application status updates.

Backend Design:

- Profile Management:** Stores user details, allowing updates to be retrieved and displayed.
- Contact and Message Handling:** Manages contact lists and recent messages associated with the user's interactions.

Trainee Dashboard - Chat

Frontend Design:

- **Message List:** Displays group chats and individual chat threads with recent messages.
- **Chat Interface:** Allows users to view messages from selected contacts and type new messages.

Backend Design:

- **Real-Time Messaging:** Implements real-time communication between users, storing messages for each chat.
- **Search and Group Management:** Allows users to search for specific chats and manage group or individual conversations.

Trainee Dashboard - Settings - Edit Profile

The screenshot shows the 'Edit Profile' section of the Trainee Dashboard. On the left, there's a sidebar with the university logo and links for Dashboard, Tours, Your Tours, Puantaj, Profile, Chat, and Settings (which is currently selected). The main area has a 'Settings' header with three tabs: 'Edit Profile' (selected), 'Preferences', and 'Security'. It features a circular profile picture placeholder with a pencil icon for editing. Below it are four input fields: 'Your Name' (Nabila Azalea), 'User Name' (Nabila Azalea), 'Email Address' (nabila@gmail.com), and 'Phone Number' ((123) 456 7890). A 'City' field contains Ankara. At the bottom right is a large red 'Save' button.

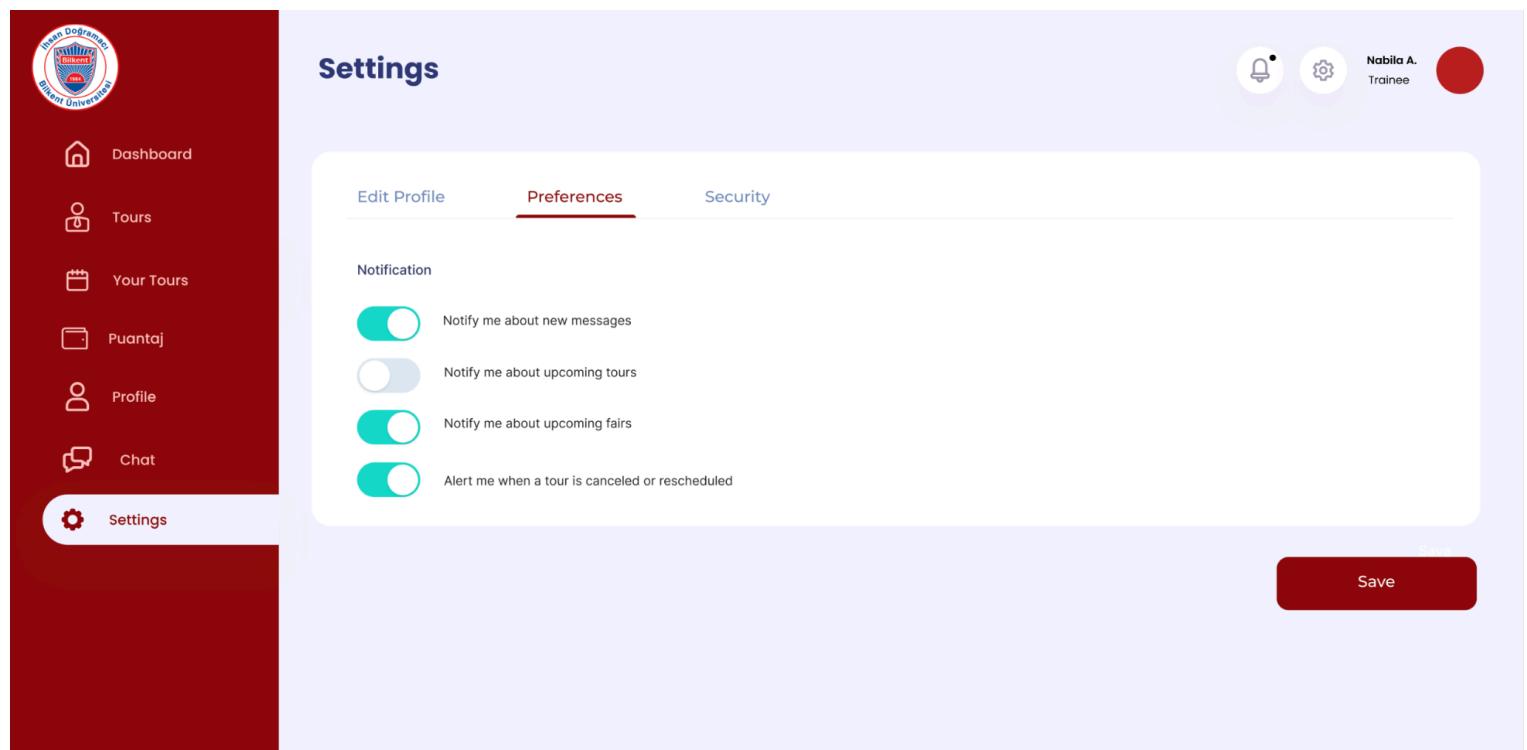

Frontend Design:

- **Form Fields:** Includes fields for the user's name, username, email address, phone number, city, and country. An avatar can also be edited by clicking on the pencil icon.
- **Save Button:** A "Save" button at the bottom allows users to save changes to their profile information.

Backend Design:

- **Data Storage:** Stores user profile information in the database with appropriate fields (e.g., name, email, phone, etc.).
- **Data Validation:** Validates fields for correct formats, such as email format and phone number structure.
- **Profile Picture Handling:** Supports avatar upload and image association with user profiles.

Trainee Dashboard - Settings - Preferences

Frontend Design:

- **Currency and Time Zone:** Input fields for selecting currency and time zone.
- **Notification Toggles:** Toggle switches for enabling/disabling notifications for messages, upcoming tours, upcoming fairs, and tour cancellation/rescheduling.
- **Save Button:** A "Save" button at the bottom for storing preference changes.

Backend Design:

- **Preference Management:** Stores user preferences for notifications, currency, and time zone.
- **Data Handling:** Updates user settings in real-time, ensuring changes are applied to the user experience across the dashboard.

Trainee Dashboard - Settings - Security

The screenshot shows the 'Settings' page under the 'Security' tab. On the left, there's a sidebar with the university logo and links for Dashboard, Tours, Your Tours, Puanaj, Profile, Chat, and Settings (which is highlighted). The main area has tabs for Edit Profile, Preferences, and Security (the active tab, indicated by a red underline). Under the Security tab, there's a 'Two-factor Authentication' section with a toggle switch labeled 'Enable or disable two factor authentication'. Below it is a 'Change Password' section with fields for 'Current Password' and 'New Password', both containing masked text. A 'Save' button is at the bottom right.

Frontend Design:

- **Two-Factor Authentication:** Toggle switch to enable or disable two-factor authentication for account security.
- **Change Password:** Input fields for current password and new password with masked text.
- **Save Button:** A "Save" button to submit changes.

Backend Design:

- **Security Settings:** Stores and updates two-factor authentication status and handles password updates.
- **Validation and Encryption:** Validates passwords, checks current password for accuracy, and encrypts the new password for secure storage.

Trainee Dashboard - Notifications & Latest Activity

The screenshot shows the Trainee Dashboard interface. On the left is a dark sidebar with the Bilkent University logo at the top. Below it is a navigation menu with icons and text: Dashboard (selected), Tours, Your Tours, Puantaj, Profile, Chat, and Settings. The main content area has a light blue header "Notification & Lastest Activity". In the top right corner, there are three circular icons: a red one with a bell, a white one with a gear, and a red one with a user profile. To the right of these icons, the text "Nabila A. Trainee" is displayed. The main content is a white card with a list of activities. It starts with a section titled "Today" containing three items: "Thursday, Oct 31 2024 Tour Application for High School X has been accepted", "Thursday, Oct 31 2024 Tour Application for High School Y has been accepted", and "Monday, Oct 31 2024 Puantaj Page has been updated". Below this is a section titled "Yesterday" containing two items: "Wednesday, Oct 30 2024 Tour Application for High School Z has been canceled" and "Wednesday, Oct 30 2024 Tour Application for High School A has been accepted".

Date	Activity
Thursday, Oct 31 2024	Tour Application for High School X has been accepted
Thursday, Oct 31 2024	Tour Application for High School Y has been accepted
Monday, Oct 31 2024	Puantaj Page has been updated
Wednesday, Oct 30 2024	Tour Application for High School Z has been canceled
Wednesday, Oct 30 2024	Tour Application for High School A has been accepted

Frontend Design:

- **Activity Feed:** Displays a timeline of recent activities, including tour application status and page updates with timestamps.

Backend Design:

- **Activity Logging:** Records user actions and notifications in a database for activity tracking.
- **Real-Time Updates:** Pushes updates to the front end as new activities are logged, ensuring users stay informed.
